

## **Mike Dillon, Publisher**

Mike Dillon was an aviator, machine gun enthusiast, businessman and innovator, he was also an excellent publisher. Since The Blue Press first came out in October of 1990 Mike made sure that reading his catalog was more than a quick flip through to check for new products and specials.

The Blue Press delivers much more and we aren't JUST talking about the models that adorn the cover. The articles inside The Blue Press have always made it a shooting magazine just as much, if not more, than a catalog. We can't get you reprints of the first issue but we can offer you a chance to see it via the .pdf file below. The controls below the first page will allow you to flip through the entire October 1990 issue or you can see it [here](#).
