

Remembering Nyle Leatham

Last month we focused on a great article by Barrett Tillman about Rob Leatham. This month I want to stick with the Leatham family and repost an article, also by Barrett Tillman, about Rob's dad, Nyle Leatham. If you haven't read this, or if you haven't read it since the December 2007 issue it was published in, I think you will really enjoy reading about Nyle and the mark he made on this world.
